Dear Friends of Downtown Perrysburg, Inc.

Perrysburg is a vibrant community, rich in history and progressive in its thinking. It's a place where the Midwestern work ethic still prevails, and the preservation of history is as important as the desire for planned growth. It is in this spirit that Downtown Perrysburg, Inc. (DPI) was formed.

DPI's volunteer board members spearhead numerous community events that draw thousands of visitors to the downtown area who eat, shop and take in the historic beauty of our city. With Winterfest 2015, DPI was able to put Perrysburg on the map with national news coverage of the National Ice Carving Association Championship on NBC. DPI's success would not be possible without the financial support of its members and sponsors, as well as the donation of time that volunteers provide to help put on events. DPI is proud to partner with many companies, community organizations, nonprofits, schools, churches, and volunteers in order to create FREE family events that provide unique opportunities to showcase our community and contribute to the quality of life that makes Perrysburg the "Best Suburban Downtown" four years in a row.

Thank you for your continued support!
